

Compare the complete cost

Use the same currency and requirement for both configurations. Unknown is not zero.

Required task / acceptance criterion:

Currency / date / exact listing or model references:

Required component	Option A	Option B	Verified?
Computer / base unit			
Compatible RAM			
Storage			
OS / licence if required			
Power adapter			
Cables / adapters			
Other required items			
Shipping			
Taxes			
COMPLETE TOTAL			

Write INCLUDED when confirmed; use 0 only for a confirmed zero extra cost.
If any required cost is unknown, label the total INCOMPLETE.
Check compatibility, capacity, warranty and return terms separately.
Equal totals do not establish equal capability.

FICTIONAL EXAMPLE - USD, NOT LIVE PRICES

A: \$249 + \$40 RAM + \$50 storage = \$339. B: \$329 with both included.
A finishes \$10 higher. Taxes, shipping and other requirements are excluded from this illustration; neither number is a verified complete purchase total.
